

Hurricane Response Safety Resources

Resources for immediate response to a natural disaster.

NAHB has compiled a set of resources for builders, remodelers and consumers to help their communities in the middle of a natural disaster.

Cleanup/Recovery Safety

- [Keeping Workers Safe during Hurricane Cleanup and Recovery](#)
- [Protect Yourself While Removing Debris](#)
- [Downed Electrical Wires](#)
- [Flood Cleanup](#)
- [Roof Tarping \(Blue Roof\) Safety](#)
- [Portable Ladder Safety](#)
- [Chainsaw Safety](#)
- [Tree Trimming and Removal](#)
- [Protecting Workers from Heat Stress](#)
- [Personal Protective Equipment \(PPE\)](#)
- [Cleanup Hazards](#)
- [Decontamination](#)
- [Using Portable Generators Safely](#)
- [Rodents, Snakes and Insects](#)
- [NAHB Video: Disaster Response](#)

Reconstruction Safety

- [Complying with the EPA Lead Paint Rule During Emergency Renovations](#)
- [Demolition Safety](#)
- [Construction Hazards](#)
- [Fall Protection in Residential Construction](#)
- [Mold Hazards during Disaster Cleanup](#)
